

# high five

Joey Lawrence, teen singing idol and star of *Blossom*, gives us

his hand—and our expert palmist, **Mark Seltman**, gives him his future

Joey Lawrence

**the big picture:** Joey Lawrence, with his square palm and short fingers, has a classic Earth hand. The key words for this busy 18-year-old, who plays hunkling Joey Russo on NBC's *Blossom* and whose second pop album is due in September, are "hardworking," "loyal," "practical" and "tuned into the physical." He can expect even greater success in the short term, but may hit a rough patch in his 20s when reality bites. In the long term, he will be served well by his musical talent, his willingness to work hard, and his drive for perfection.

**the thumb:** Controls will and logic. Lawrence's is well-balanced; it shows a strong will and a tendency toward stubbornness.

**jupiter finger:** Controls his spirituality and self-esteem. Lawrence's is very strong, showing great ambition, self-confidence and potential for success. In combination with a strong Saturn finger (the middle one), however, it makes him a perfectionist who always thinks he could do better.

**marriage line:** He has a monogamous nature, but may get involved in some lamentable relationships before finding true love in his mid-30s. An early union is possible, but it probably won't be his only marriage.

**heart line:** Lawrence is a big teddy bear but is better at showing his feelings than verbalizing them. Hey, it's OK to talk about it, Joey.

**fate line:** Lawrence seems to be moving into the most productive period of his early life. His struggle will be to balance the added work and responsibility with a meaningful personal life. There are signs that he might switch careers as a young adult. If looking for a dramatic change, he'd make a great social worker.

**life line:** Indicates a strong constitution, much for foreign travel, and a potentially long life. Be prepared for *Blossom: The Silver Years*. It could happen.

**mount of venus:** This is his dominant feature, reflecting real musical talent, especially for singing, and an affectionate nature. The bad news: It also indicates that Lawrence has trouble saying no. There could be some worries ahead if he's not careful.
